

Assignment 1 Report

The screenshot shows the Visual Studio IDE with the following components:

- Debugger Window:** Displays the output of the program, showing a sequence of "This is Task 1" and "This is Task 2" messages. The output is filtered by "RTOS" and "portmac".
- Diagnostic Tools:** A panel on the right showing performance metrics for a 30-second session. It includes graphs for Process Memory (MB) and CPU (% of all processors). The CPU usage graph shows a peak around 20%.
- Search Error List:** A table at the bottom right showing a single error:

Code	Description	Project	File	Line	Suppression State
D9035	option 'Gm' has been deprecated and will be	RTOSDemo	cl	1
